#### **What's New in the Blue Magenta Sun?**

- This theme contains a new desktop image of the sun (composed of several different colors) and a new desktop picture in a violet color with a small sun image in the middle of the desktop's background. - It is not necessary to know anything about computers to install this theme, just get your new desktop, double-click it and enjoy it. - You can change the picture that appears in the violet window

---

color. - It is necessary to be running a win 7 or win 8 version to take advantage of this theme. - This theme is only compatible with Win 7 SP1 and higher.

Customization: - If you don't like the "sun" image in the theme, you can change it in the Ini file. - The theme allows you to choose the image with the sun that appears in the window bar, the image of the window color, the image of the desktop's background and the image of the desktop's background. - The theme allows you to change the size of the desktop pictures, changing it from 120x120 pixels

---

to 960x900 pixels. - All these settings can be edited in the Ini file. - What's interesting, if you see the preview of the theme, you will know how to change most of the settings. Blue Magenta Sun Review by: - Techeera (2016-04-30) I really like this theme, it allows me to customize my desktop to have the windows as the sun which is fantastic. (2016-04-29) Customize your Windows 7 desktop with the Blue Magenta Sun theme. This theme is easy to install and customize. It will give your desktop the look of a beautiful sun in the sky. Installing this

---

theme is easy: first you install the theme then you simply double-click it and you'll be using your new theme in seconds. Blue Magenta Sun Review by: - Anonymous (2016-04-26) This is an easy to use theme that gives us the opportunity to customize our desktop how we want. I am a fan of this theme. (2016-04-21) A very nice theme that allows you to do most of the customizing for you. The theme allows you to customize your desktop with the windows as the sun and the background as the sun rays in the sky, leaving the caption of the theme in the middle of the

---

desktop. This
